For over 25 years, we have been operating sea and land carrier solutions for perishable cargo in Latin America and the United States.

Now, at NWS, we want to share our know-how and bring a fresh, agile, and people-oriented new approach to logistics to the people who need it the most. **Come what may.**

**Network
Shipping**

Our smart routes go from Guatemala, Costa Rica, Peru and Ecuador to the United States, and back.

THE MANATEE ROUTE

- Puerto Moin
- Port of Manatee

We at NWS try hard not to get in the way of sea life. To create awareness, we named each of our routes like different sea-protected species.

Our Manatee route was based on the Manatee that can be found in shallow, slow-moving rivers, estuaries, bays, canals, and coastal areas. They are threatened by the entanglement in fishing gear, loss of warm water habitat, and death and injury from boat strikes.

Schedules:

Origin	Destination	Transit Time (days)*
Moin	Port Manatee	3
Port Manatee	Moin	3
** Moin	Port Barrios	2

* These are estimated transit times subject to changes.
 ** Moin to Barrios is a bi-weekly service.

Dry Cargo (FAK)

Reefer Cargo

Project Cargo

With us, you also get:

- ✓ A NWS Expert always available
- ✓ Ocean + Inland integrated solution if required
- ✓ Flexibility for last minute changes
- ✓ Route optimization consultancy
- ✓ A real person on the other side of the phone!
- ✓ Strong reefer expertise!
